The MPH0 Safety and Traceability Summit

14-15 November 2024 | Rome, Italy
Istituto Superiore di Sanità (ISS)

Official Program

Special Thanks To:

Day 01

14 November, 2024

8:00 **Check-In**

9:00 ● **Start Time**

9:00-9:20 ● **Welcome and Opening**

Aims of the Meeting and Expected Outcomes

Presenters: 4

9:30-10:30 ● **Session 01:**

Need, Safety, Risk and Availability

How do we achieve the balance between these factors?

Presenters: 3

- Joint welcome by the conference co-organizers

10:30-11:00 **Break 01**

11:00-12:00 ● **Session 02:**

When Things Go Wrong

Applied traceability in real-world MPHO and lessons learned

Presenters: 2

- Lessons on traceability from recent mTB tissue transmission cases in the USA
- NF1 transmission in assisted reproduction technology

12:00-13:00 ● **Breakout Session**

Break into smaller groups and discuss!

13:00-13:10 **Break 02**

13:10-14:55 ● **Session 03:**

Feedback and Conclusions From Previous Sessions

Presenters: 4

15:15-16:15 ● **Session 04:**

Donor-Related and Processing Threats Affecting MPHO and Lessons Learned

Presenters: 2

- What are the emerging infectious diseases threats to MPHO?
- Handling and processing errors impacting on MPHO safety and quality: what does the NOTIFY LIBRARY show us?

16:15-16:30 **Wrap-Up**

Summary and Wrap-Up of Day 1

Day 02

15 November, 2024

8:30 ● **Start Time**

8:30-9:30 ● **Session 05**

Selected MPHO Across Complex Pathways
Particular aspects that makes them different from other MPHO

Presenters: 3

- Tissues: What makes them different?
- Cells: What makes them different?
- Reproductive tissues: What makes them different?

9:30-10:40 ● **Session 06**

MPHO-Based Therapies in the Next 20 Years
What is coming that we need to think about now?

Presenters: 3

- Emerging techniques and applications concerning MPHO
- Safety lessons from recent advances in MPHO-based therapies
- WHO ECBC- Expert committee on biological standardization and regulatory convergence

10:40-11:00 **Break 01**

11:00-12:15 ● **Session 07**

In Technology We Trust
How healthcare informatics standards and technologies will help us

Presenters: 3

- Traceability in other sectors: Any lessons for MPHO?
- Standardized terminology for MPHO: Speaking the same language globally
- Interoperability: Freeing critical MPHO data from IT silos in the interest of better patient care and vigilance

12:15-13:30 **Break 02**

13:30-15:00 ● **Session 08**

From Forum 25 to Forum 30
How far have we come since 2019?

Presenters: 3

- Past: The recommendations from Forum 25 in 2019
- Present: What have we learned during these 2 days?
- Future: What will the next 5 years hold for MPHO?
- Survey: Feedback on the Forum 30 Summit

15:00-15:30 **Wrap Up**
Closing Perspectives

Presenters: 4
